

A Guide to the Psalms of David

Note; This edition is now obsolete. The Second Edition published June 29, 2015 has a greatly simplified index classifying each of the 150 psalms within four meaningful categories (theme, purpose, mood, and audience). It also has a new chapter on psalms to recite for special situations such as before surgery, when undergoing a divorce or break-up, for a seriously ill person, for a barren couple, etc. It also has been drastically reduced to 13.95 from 19.95.
