

A Womans Voice ~ Combined Set Volumes 1, 2 & 3: Inspirational Short Stories

When I wrote my first book, *Im Not Perfect And Its Okay ~ Steps to a Happier Self*, I quickly stated that I was no author in the introduction. Some people may find this a strange comment coming from a person who was in the processing of writing a book. At that time, my goal was to reach out to people to help prevent them from experiencing what I had been through with my bouts of serious depression. I was simply a greenhorn when it came to any kind of writing, so therefore, I did not claim to be an author. I merely considered myself to be a person reaching out to help others. I wanted to touch as many lives as possible and I did not know any other way except by the written word.
