Operation Hailstone - Wikipedia The United States Navy grew rapidly during World War II from 1941-45, and played the central role. The loss of the battleships at Pearl Harbor forced Admiral Ernest J. King, the head of the Navy, to place primary emphasis on aircraft carriers. The Japanese fleet lost four aircraft carriers to the U.S. Navy's one American carrier and a destroyer.

Kriegsmarine - Wikipedia Shokaku was an aircraft carrier of the Imperial Japanese Navy, the lead ship of her class. Along with her sister ship Zuikaku, she took part in several key naval battles during the Pacific War, including the attack on Pearl Harbor. Unlike the larger bulbous forefoots fitted to the battleships Yamato and Musashi, however, Shokaku's hull was more compact.

USS Enterprise (CV-6) - Wikipedia The Battle off Samar was the centermost action of the Battle of Leyte Gulf, one of the largest naval battles of World War II. Sprague's task unit lost two escort carriers, two destroyers, a destroyer escort. The Imperial Japanese Navy never again sailed into battle in such force. This battle is often depicted as one of the major what-ifs in World War II.

List of United States Navy losses in World War II - Wikipedia Aircraft carriers are warships that evolved from balloon-carrying wooden vessels into steel-hulled vessels. World War II saw the first large-scale use of aircraft carriers and induced further development. The first seaplane tender of the US Navy was the USS Mississippi, converted to that role. For the first time in naval history an aircraft carrier had sunk a battleship while **Japanese aircraft carrier Shokaku - Wikipedia** This engagement marked the last time a fleet carrier was sunk by surface gunnery, a maturity of the aircraft carrier as a strategic naval weapon and its role. Within a short time five of eight U.S. battleships were sunk or damaged.

The U.S. Navy - World War II saw the end of the battleship as the dominant force in the world's navies. On the other hand, the loss of the battleships led the US Navy to rely on aircraft carriers as capital ships to make counterattacks against the Japanese. In fact, the only Japanese battleships to see much action in the early stages were the four Kongo-class battleships.

Battle of the Eastern Solomons - Wikipedia Zuikaku was a Shokaku-class aircraft carrier of the Imperial Japanese Navy. Her complement of aircraft took part in the attack on Pearl Harbor.

Harbor that formally brought the United States into the Pacific War, and she fought in several of the most important naval battles of the war, before being sunk during the Battle of Leyte Gulf.
