

The Truth About You: Who You Are and Why You're Here on Earth

Who am I? Where did I come from? Why am I here? What is my purpose in life? What happens when I die? These are important questions. The answers may be life changing for many people. This book answers these questions and many more. It provides a comprehensive overview of your origin, the purpose of physical life, the lessons you must learn, and what your life is like between your lives on Earth. While there are thousands of metaphysical books out there, none have ever tried to explain everything about you in one book. This is the first book to explain, in easy to understand laymans terms, exactly who and what you are. It is a short, handy reference book designed to encourage further exploration and conversations with others regarding its contents. The reference section lists books for expanding your knowledge and understanding of the topics covered within this book. This book is a must read for anyone wondering about their place in the universe!
