

## Creative Mind: Tapping the Power Within (Square One Classics)

A brilliant speaker, gifted thinker, and inspired writer, Dr. Ernest S. Holmes founded the United Church of Religious Science. His message is simple: The universe has intelligence, purpose, and order. By understanding its principles and applying them to ourselves, we can see who we are and what we truly want in life. Creative Mind was written as a simple guide for the many thousands who came to hear his words and wished to know more.
