

Dear Governor: About the State of Reform is a collection of letters to the governors of Alaska, Idaho, Oregon and Washington State from some of the leading healthcare, civic and business leaders in the northwest. In today's healthcare market, there is more tumult, anxiety and transformation than at any time since the birth of Medicare. At the same time, innovation and courage is needed perhaps now more than at any other time in American healthcare. In a federal system where states are the incubators of change, Dear Governor provides insight on the state-level policy discussions underway right now.
