

Farmhouse Witchcraft

What is a witch: A witch is a loving being with a heart of gold, a thoughtful soul, and a magical outlook on the world. To be a witch is to grow into something better, stronger, and greater. As you change, so will your view on the world and your outlook on life. You may find yourself looking with new eyes to see things you never saw before. You may find you walk different and bad habits start to fade away, or you may find yourself with less temper and a brighter outlook, and others around you will see the changes as well. So grab your broom and pointy hats, and let the magic begin. In this book, you will find simple spells, recipes, charms, earth-made salves, and poems from my heart. Penny Parker
