

## From Reading to Writing 3

> Students explore topics, such as using YouTube, the success of Starbucks, and the newest generation at work, in high-interest reading and writing assignments. In addition, corpus-based vocabulary helps students understand what they read and gives them the words they need for their own writing. Highlights Contextualized writing models and carefully crafted exercises direct students through the writing process. Step-by-step process-writing assignments with peer feedback, editing, and revising help students master common academic genres and rhetorical forms. Bridge activities help students make the connection between reading, writing, and vocabulary. MyEnglishLab: Writing (available separately), an online writing component for students to develop their grammar and academic writing skills.
