

Notes on the Bhagavad-Gita

In order to give a broader and more technical understanding of the philosophy underlying the Bhagavad-Gita, T. Subba Row, a distinguished Indian scholar, explores the nature of the cosmos, the nature of man, and the goal towards which all evolutionary progress is tending. Presented from both a Brahmanical and theosophic viewpoint, Notes covers such topics as cosmic evolution, consciousness, the Logos, yoga, avatars, initiation, immortality, and the usage of many Sanskrit terms.
