

Nephilim: Giants of history or present day greys

This book will not only tell you, who they are, what they are, but will reveal a deception, so beyond belief that your perception of reality will be forever altered! If truth is still worth fighting for, then this book will offend and I make no apologies for taking that stance. I encourage every reader to do their own research and discover for yourself that you have been duped, and continue to be so, by malevolent entities that do not have your best interests in mind. They have infiltrated every corridor of our daily lives from Governments of the world to the very pews you may occupy every Sunday at your local church! Every single belief you now hold is the result of a perverted reality designed to keep you in a pitch-black prison, of dumb-downed, presence of mind. There will be no turning back, once you discover the genuine nature of the position in space and time that you presently occupy. But, you will be armed with the truth. What you choose to do with that fact, is your decision and yours alone. You can choose to ignore it, but you cannot say you were not warned!
