

Jamie and the Angel: Meeting Her Guardian Angel

Many children are gifted in the psychic area, but fail to be taught that it is OK to see things that others may fail to see or acknowledge. Jamie and The Angel is a story for children and people of all ages who may be experiencing psychic and intuitive insights. This delightful book helps children to know they are not alone, and that what they are experiencing is a gift. It also helps parents to nurture and encourage their children's psychic and intuitive abilities. Once children understand that their angels are there to always help them, they can learn to get in touch with their guardian angels, and other help from the spirit world. This beautiful book also has a Parents Guide to help them teach their children about their special God Given Gifts. Jamie is an 8-year-old girl from a military family who's been having a hard time making friends because her family moves around a lot and her parents are busy trying to make things work. She struggles with her gifts and prays for help in her life. When her Angel appears, will Jaime's prayers for understanding and guidance be fulfilled? Read this book and find out! Parents and Psychics Praise for Jamie and The Angel! What a beautiful story! Jamie and the Angel isn't just for children, it is for us all to see the magic that is within us and how we all can open our heart to the Divine realm where angels do live. It is Purely Divine. I recommend this beautiful book to everyone.--Michele Blood, co-author Become A Magnet To Money Through the Sea of Unlimited Consciousness and Self Esteem For KIDZA wonderful book that all children should read on the path of self-acceptance and to know that being different is perfect to allow their imagination to flow in life.--Steven L. Hairfield, PhD author, The Twelve Sacred Principles of Karma Wow! What a wonderful book for both children and adults. Children must be encouraged and supported in understanding their

relationship with God and the gifts they have been blessed with. Jamie and The Angel addresses these concerns admirably well. I recommend it as a must read for both children and adults.--Lawrence T. Bond, PhD co-author, Deeper Metaphysics This inspiring book, is a special light in the world for these rare gifted children and their parents! Carol Guy's sensitive expression touched my children deeply and led to discussions we've never had before. I am grateful for this gem!-- Traci Amos. Singer/Songwriter, founder of OPOLnow.org Jamie and The Angel is a comfort for children learning to accept their gifts. Carol Guy captures the essence of connection between spirit and children. Robin Marvel author, Awakening Consciousness: A Girls Guide! All children should know their personal angels and/or guardians from the beyond. Jamie and The Angel shows us that it is alright to feel different as a child. As demonstrated in this colorful story by Carol Guy, children together with their parents, can acknowledge their unique gifts and feel OK about contact with their personal helpers from God.--Jules Kennedy author, Dimensional Ascension: Multi-Dimensional Living for Light Workers Learn more at www.CarolGuy.com From Marvelous Spirit Press www.MarvelousSpiri
