

Jesus and Yahweh: The Names Divine

The most controversial, explosive, and important book yet from the renowned author and critic. Harold Bloom uses his unsurpassed skills to examine the character of Jesus: the inconsistencies, the contradictions, and the Gospels flaws of logic. He also explores the character of Yahweh, who Bloom argues has more in common with Marks Jesus than he does with God the Father of the Christian and rabbinic Jewish traditions. In fact, Bloom asserts, the Hebrew Bible of the Jews and the Christian Old Testament are very different books with very different purposes. At a time when religion has taken center stage in the political arena, Blooms controversial examination of the incompatible Judeo-Christian traditions will make readers rethink everything they take for granted about what they believe is a shared heritage.
