

Healing Dream and Ritual (4th Edition)

C. A. Meier investigates the ancient Greek understanding of dreams and dreaming, antique incubation, and concomitant rituals. In this greatly expanded version of his classic work, Ancient Incubation and Modern Psychotherapy, Meier compares Asklepiian divine medicine with our own contemporary psychotherapeutic approaches to dreaming. He elucidates how the healing cure was found in the very core of illness itself- a fact of invaluable significance in both medicine and psychology. In helping us to recognize the supra-personal aspects of illness, the dream is shown to reveal a transcendental path to healing.
