

## My Senior Year of Awesome (School Dayz Book 1)

It's the final semester of senior year, and everyone at Harmony High can't wait to find out the results of the Senior Superlative votes! But the balloon bursts in Sadie's face when she discovers she's been voted Most Likely to Get Married to Andy, a boy she's never dated or ever thought of as a potential boyfriend. Completely and utterly mortification sets in. To prove high school means something more than a Senior Superlative award, Sadie and her best friend Jana decide to create their own list of awesome non-academic achievements to be completed before graduation. Yet, the harder Sadie works to show everyone she's not the least bit attracted to Andy, the more appealing he becomes. Typical for the girl who can't seem to achieve anything important, even the completion of one lousy college application. When senioritis kicks in and the school year dwindles down to mere weeks, Sadie decides to risk her good girl reputation to prove that an Awesome Achievement means much more than any Senior Superlative vote. By the time Sadie realizes her epic screw-up, she just might have lost her chance at the prom date of her dreams.
