

## Journey Through Many Lifetimes

The Journey touches on this life on Earth and nine other known past lives from the time of Atlantis through to America and England. Messages are transcribed and faithfully recorded from mediums and spirit communicators over a period of ten years. Eight of the past lives recorded are each with the soul mate of the author. Words of wisdom are brought directly to the author in conscious attunement by the one known as Moses and a spokesman for Archangel Lord Mikael, on the Solar Planes of Cosmic Creation. Twelve planes of consciousness are revealed, each with a different function of creation from mysticism, colour, art and music, and healing. The colours of the planes and the rays, the beings and their amazing work are brought to life in these unique recordings. David Tenneson has delivered a book on spiritual healing that has been faithfully recorded from his vast spiritual experience throughout his life of 70 years in this form. ~ Greg Wilson
