

This book takes a hands-on approach that aims to help students learn the essentials of anatomy quickly, easily, and functionally. Students locate anatomical structures on partners and then learn the structures functions by manipulating their partners movements. By becoming anatomy practitioners, they learn what is relevant and applicable to their future professions.

Rhetorical Readings for Advanced Writers, Jefferson County, AL Map Book, Georgia Encyclopedia - Volume 2, Indogermanisches; Etymologisches; Worterbuch (II. Band only), The Complete Photo Guide to Window Treatments: DIY Draperies, Curtains, Valances, Swags, and Shades, Tableaux De Voyage (Saekularausgabe: Werke, Briefwechsel, Lebenszeugnisse) (German Edition),
