

Love, believe, attraction, thoughts, world, energy, God, you, wish, mind ...! Yes, it is wide open in front of you. Read the words above aloud and connect the dots. You will get all the answers that you need. What is thought of as impossible is in fact possible. We are living in the most blessed era in human history. We have found the answer to all it is. Those who understood the power of the law of attraction have religiously used it for every possible thing they could. Today we remember them as The Greatest People of All Times. It has been there for ages in front of our eyes, but only the wisest of us have understood it and used it. Today, we recall them as the greatest people of all time and the following will illustrate what they have tried to convey to us many times. The Greatest of them have known it and so were they great:- “Whether humanity will consciously follow the law of love, I do not know. But that need not disturb me. The law will work just as the law of gravitation works whether we accept it or not.” “The law of love could be best understood and learned through little children.” “We need to be the change we wish to see in the world.” “A man is but the product of his thoughts what he thinks, he becomes.” Mahatma Gandhi “The distinction between past, present, and future is only a stubbornly persistence illusion.” “A hundred of times I remind myself that my inner and outer life depends on the labors of other men, living and dead, and that I must exert myself in order to give in the same measure as I have received and am still receiving.” “Logic will get you from A to B. Imagination will take you everywhere.” “Imagination is everything. It is the preview of life’s coming attractions.” Albert Einstein “Hate is not conquered by hate. Hate is conquered by love. This is a law eternal.” “A man speaks or acts with an evil thought, pain follows him. If a man speaks or acts with a pure thought, happiness follows him, like a shadow that never leaves him.” “All that we are is a result of what we have thought.” “Let us rise up and be thankful, for if we didnt learn a lot today, at least we learned a little, and if we didnt learn a little, at least we didnt get sick, and if we got sick, at least we didnt die; so, let us all be thankful.” Gautama Buddha “What this power is I cannot say; all I know is that it exists.” “A man, as a general rule, owes very little to what he is born with - a man is what he makes of himself.” Alexander Graham Bell “Nothing is either good or bad, but thinking makes it so.” William Shakespeare “Your feelings are your god.” Chanakya “To believe in the things you can see and touch is no belief at all; but to believe in the unseen is a triumph and a blessing.” Abraham Lincoln “The mind acts like an enemy for those who don’t control it.” “Man is made by his belief. As he believes, so he is.” “One can become whatever one wants to be (if one constantly contemplates on the object of desire with faith.)” Bhagavad Gita “Everything is possible for the person who believes.” “Ask and it will be given to you; seek and you will find; knock and the door will be opened to you.” Jesus “It is not how much we give but how much love we put into giving.” “Spread love everywhere you go. Let no one ever come to you without leaving happier.” Mother Teresa “When I look at the solar system, I see the earth at the right distance from the sun to receive the proper amounts of heat and light. This did not happen by chance.” Isaac Newton “You create your own universe as you go along.” Winston Churchill And now you are going to be the next, want to know how. !
