

## Nothing to Wear?: A Five-Step Cure for the Common Closet

At last, a revolutionary solution to the age-old quandary of too many clothes but nothing to wear! Whether dressing for a date or an important work presentation, every day millions of women throw open their closets, stare blankly into the abyss, and mutter, I've got nothing to wear! despite the countless dollars they spend on clothes and accessories. At once simple and unique, Nothing to Wear? reveals a stylish cure for the common closet, based on the five-step process that has made Visual Therapy a hit for more than ten years with fashion editors and clients alike. Walking the reader through the process of identifying her natural style (who she is and how her fashion personality aligns with the image she wants to portray), the book then helps her perform a thorough love it or leave it examination of her wardrobe, eliminating the old, out-of-date, too-tight, too-loose clutter and re-establishing an authentic sense of stylegetting her into her clothes and out of the house looking and feeling like a million bucks.
