

Classical Chinese Architecture (Chinese Red) (Chinese Edition)

The mode of agriculture developing in the land of China, not only create the glory of the great empires of Qin and Han Dynasties and the Sui and Tang; but also promotes the flow of goods, the development of the handicraft industry, the rise of urban city, and then opens up a vast overseas trade market... The book ,from a multi-perspective and panoramic view, describes all levels of the Chinese (traditional) economic and livelihood development, and deeply reveals the driving force behind the economic development.
