

The Intuitive Writer: Listening to Your Own Voice

Gail Shers first guidebook, *One Continuous Mistake*, showed writers how to develop awareness and deal with distraction through the Four Noble Truths (for writers). Drawing from Shers thirty years of experience as a Zen Buddhist, psychotherapist, poet, and teacher, *The Intuitive Writer* is her second enlightening guide for the writer (now seated at her desk) that explains how to shape and sharpen her perceptions, both of her own voice and that of the world around her. An invaluable tool for writers of every level, *The Intuitive Writer* explores the wisdom, spirituality, and ultimate uniqueness embedded in the language of ones daily life.
