

The Book of Star Light

This is a book of quiet inner magic for all. Like a seed which contains within it the blueprint of a perfect flower, each one of us has within ourselves a memory of our own perfect being. The Book of Star Light offers a visual focus or symbol which will help each reader rediscover the vision that leads to perfection. In rediscovering it, a remarkable power is released which can make the individual a channel for the healing of others and of all humanity. It will lead each reader, too, towards his or her own personal goal. Above all, the Book of Star Light brings inspiration - and delight.
