

Reiki Prints (Tims Reiki Book 2)

This book contains the prints created by Tim Wood, a Reiki Master since 2004, depicting Reiki Angel and Reiki Man. There are ten prints in each set, nine with symbols and then the Reiki Ideals. Whilst the prints have proved extremely popular over the years, the publishers believe it is time to move with the times and have them available in electronic form so folk can access them on smart phones, iPads/tablets, laptops or desktops etc. In 2011 Tim burned his hand badly, a full thickness burn (third-degree burn). He was told he would need surgery and would probably lose some feeling and some use of his hand. Two years on and there is no trace of the burn and no loss of use. A complete recovery and he believes that this is the power of Reiki healing. The only medical treatment was bandaging, a sling and some pain killers! He believes that his contribution to the world is served by offering these images to as wide an audience as possible, he does not offer private sessions of healing. He is however willing to produce personalised prints. He can be contacted by e-mail: tw.snapit@gmail.com
