

## I Cant Do It, Yes You Can (Transforming Fear)

This module is unlike others in so much it does not use traditional methods of mentoring, positive pep talking, life-coaching, or any other form of inspirational coaching. This module describes Dynamic Techniques of Conscious Transformation. Section 1 -The Dynamics of Fear Throughout you will discover how the human dynamic of both fear and desire operate from exactly the same core energy. Yet, you will also learn how fear is the culprit for most of lifes unhappiness. Though when we say unhappiness, whats really being said is that feeling the slightest amount of insecurity, frustration, disappointment, anxiety, panic, and depression, are all forms of core FEARs in action. Fear Cloaked As Desire Section 2 - The Origins of Fear The actual origins of all core fears may catch you by surprise. This section highlights and outlines inner core fears from a fresh perspective. Section 3 - The Drivers of Fear When surveyed 85% of all people asked said they were not driven by core fear. However, 99.9% of participating individuals who embarked upon our program of Dynamic Conscious Interaction were found to be operating from core fears. Albeit they are hidden, this section brings to light the less obvious things that may be driving your life in the wrong direction. During our studies, we have found that all strong desires. Not desires, but strong desires hold some form of core fears, and that until identified, unearthed and dissolved, they will continue to influence and propel in a destructive direction. Section 4 - The Effects of Fear Though this may be a bitter pill to swallow, the end result of fear, or better stated, the effect of fear is who and what you are today. To help with this, there is a very simple test one can perform on the self. Ask yourself the following, but please be as truthful to yourself as you possibly dare to with the answers that arise. Are you truly living the life you would prefer to live? Are you free from inner turmoil and insecurity? Are you truly happy and content with your life? Section 6 - Shifting From Poverty To Wealth As the title suggests, shifting from poverty to wealth and while this subject has almost been thrashed to death. This section is brief and to the point. There is no labouring and no guiding on this way or that way, as most of the practical sections deal with abundance. Though we dont mean just financial. Section 7 - You Can Only Ever Have What You Want, When You No Longer Want It! While this potent sentence has its own supplement (MRS-R-V1), it has been loved so much, so we included a part here for free :-)

Section 8 - Unlocking And Dissolving Core Fears Step 1 - Being Friends With Fear (Technique) Step 2 - Piercing Fear Step 3 - Unearthing, And Unlocking Core Fears Step 4 - Processing The Unprocessed Step 5 - Allowing Fear To Rise And Dissolve Not opinion, but pure fact - the above is absolutely possible
