

WindWalker : Journey into Science, Self, and Spirit

A Vision Quest on a Harley: an inspirational, true-life journey of personal empowerment into the worlds of Zen and Native American spirituality. Ride with the author and his Harley on this incredible personal and spiritual journey into True Self. From the world of the scientist, journey to the mystic world of the Heart into Zen and Native American spirituality. Travel with the author on the desert winds of South Dakota, Wyoming, Texas, New Mexico, and Mexico. From firewalk to Mayan and American Indian sweat lodges and a Vision Quest, from Zen meditation halls and the martial arts to spiritual journeys into past lives and to the Valley of the Dead, this is a journey that combines the living of ancient teachings from East and West with modern science. An inspiration for those seeking a path with a heart, seeking to take control of their lives and take back their personal power, or undergoing transition and change.
