

Witchcraft Today - 60 Years On

In the sixty years following the publication of Gerald Gardner's *Witchcraft Today*, new paths have appeared, and older ones emerged out of the shadow of repression and illegality, to express with a new and more confident voice their beliefs and practice, and share, with a steadily growing audience, their knowledge, their certainties, their questions and their vision. This book is a celebration of some of the many paths that Witchcraft/Wicca has taken and of the journeys that people have embarked upon.
